U.S. MILITARY OUT OF SHANNON!

THE majority of the Irish people do not want the US military using Shannon airport. But Bertie Ahern has given them re-fueling facilities.

He now has the blood of innocent Iraqi civilians on his hands.

Ahern says that a withdrawal of facilities would be a 'hostile act' and lead to a flight of US investment.

But other neutral countries such as Austria and Switzerland are not collaborating in Bush's war.

And why would US multi-nationals pull out when they make a higher rate of profit in Ireland than any other EU country?

We need a huge national demonstration to stop Ireland being dragged into this war.

Only 'people power' across the world can now stop Bush's plans for permanent warfare to bolster US rule.

EMERGENCY APPEAL FOR FUNDS

After months of bogus diplomacy the war in the Persian Gulf has finally begun. The warmongers in Washington and London will spend $12 billion a month in their campaign to terrorise the people of Iraq and steal their oil. In contrast, those of us who are opposed to this war of plunder are forced to operate on a shoestring budget.

In the last 18 months the Irish Anti-War Movement has been in the forefront of the protests against militarism and imperialism. This has inevitably entailed enormous costs. At the moment we are flat broke. If we are to continue operating as an effective and prominent movement against war we need your support. If you can afford to make an ongoing financial commitment to the IAWM we would invite you to fill out the standing order form below and return it to us. If you cannot afford this a single donation would be greatly appreciated.

Many thanks for your continued support.
